### System Requirements For Zip Recovery Toolbox:

The Game Files are to be downloaded on a Windows machine only. The game files, including all of the graphical assets are compressed into a zip file, which is a very simple archive. The Archive zip file must be extracted to a folder that is at least 500 MB in size. The game does not require any mods or additional downloads. If you have any technical issues after downloading the game, please post them on the Issues Board. Please include the version you are running and the time when you started experiencing the issue. Special thanks to NotP
